We can also turn on or off Friendly Fire and the tagger features Team Color Muzzle Flash LED and Realistic Sound Effects! Want to book a night party? No problem. We have a portable light!

If the “recruits” get tired, hungry or thirsty, they can take a break on our ammo box seating in the climate controlled Backyard Laser Tag Trailer. With B.L.T you just have to pretend to be tough!

At the end of the battle, we wrap up the fun by giving a group picture of the “lowly bunch of recruits” to the honoree.

THE 14 FOOT "BUNKER" FEATURES ARMY PARAPHERNALIA, CAMOUFLAGE CEILING, COIN FLOORING, BUILT IN DISPLAYS FOR THE TAGGERS, ARMY STYLE (WEAPON BOX) SEATING PLUS HEAT & A/C SO FEEL FREE TO BRING WATER BOTTLES AND PACKAGED SNACKS FOR THE TROOPS!

Before the players hit the battle field the players watch a short video on the big screen TV from Sergeant B.L.T. He has a little bit of fun with the “whiney little booger eaters”. It’s a silly video that makes them laugh and gives the kids the rules of safe play.

In the “Army Bunker the players get ready for battle. They get their Camouflage face paint and tactical vests on and learn how to use the laser tag guns.
